ABOUT ME

Hey I'm Joran, a French Flutter developer from Montpellier. I have spent 2 and a half years developing a project of mine with this incredible framework (#UIToolkit) called Flutter. In parallel, I have used Flutter to create a few projects for companies, friends and myself. Today, I am eager to improve my skills in this language and to work with a team on a complete project.

EDUCATION

UNIFERSITY OF PHYSICS — SEP 2012 - JUN 2015

License of fundamental Physics in Montpellier (France).

PRIVATE SCHOOL — AUG 2015 - JUN 2016

Physiotherapy at Fernando Pesoa in Porto (Portugal).

42 SCHOOL — DEC 2018 - JUN 2020

« 42 School - San Francisco » in Fremont (USA).

EXPERIENCE

PERSONAL PROJECT — JUN 2020 - NOW

Developing a project to improve work efficiency in the food industry (Stack : Flutter/Dart, Firebase, GCP, Python, Docker, JS/TS).

COMPANIES — JUL 2022 - NOW

Valratio : Developed a web app (website) and a mobile app (Stack : Flutter/Dart, Firebase, Google Map, GCP, Python, Docker, JS/TS).

80-Bucks Agency : Developed « Delivery» part of the app OYOF (Stack : Flutter/Dart, Firebase, Google Map, JS/TS).

Synox : Developed two vehicle management apps (white mark) SoFleet and Eseanergy (Stack : Flutter/Dart, REST Api, Embedded OAuth 2.1, Firebase Cloud Messaging).

FRIENDS — JUN 2020 - NOW

Fun projects for us to play or interact with each other (Stack : Flutter/Dart, Firebase, JS/TS).
