ABOUT ME

Hey I'm Joran, a French Flutter developer from Montpellier. I have spent 2 and a half years developing a project of mine with this incredible framework (#UIToolkit) called Flutter. In parallel, I have used Flutter to create a few projects for companies, friends and myself. Today, I am eager to improve my skills in the language and to work with a team on a complete project.

EDUCATION

UNIVERSITY OF PHYSICS — SEP 2012 - JUN 2015

Bachelor in fundamental Physics in Montpellier (France).

PRIVATE SCHOOL — AUG 2015 - JUN 2016

Physiotherapy at Fernando Pesoa in Porto (Portugal).

42 SCHOOL — DEC 2018 - JUN 2020

« 42 School - San Francisco » in Fremont (USA).

EXPERIENCE

Valratio : — JUL 2022 - OCT 2022

Developed a web app and a mobile app (Stack : Flutter/Dart, Firebase, Google Map, GCP, Python, Docker).

80-Bucks Agency : — NOV 2022 - FEB 2023

Developed the « Delivery » part of the OYOF application (Stack : Flutter/Dart, Firebase, Google Map, JS/TS).

Synox : — MAR 2023 - JUN 2023

Developed two vehicle management apps (white mark) SoFleet and Eseanergy (Stack : Flutter/Dart, REST Api, Embedded OAuth 2.1, Firebase Cloud Messaging).

Entretien Platinum Plus : — AUG 2023 - NOV 2023

Developed an internal app to manage their employees (Stack : Flutter/Dart, Firebase, Firebase Cloud Functions, Cloud Messaging, JS/TS).

JobMe : — NOV 2023 - JAN 2024

Developed the "Jobber" section of their internal app (Stack : Flutter/Dart, MongoDB).

Okteo: — APR 2024 - MAY 2024

Converting to Flutter their historic application named "LPE" (Stack: Flutter/Dart, Bloc/Cubit, SQL (sqflite), Azure DevOps, Agile).
